

Instructions for Terrorism Risk Insurance Program (TRIP) 2024 Data Call Small Insurers

Form Overview

This reporting form is for “small insurer” groups or entities that, in 2022, had **both** a policyholder surplus **and** TRIP-eligible direct earned premium (DEP) of less than \$1 billion (each).

- Insurance groups or entities are exempt from reporting if they had less than \$10 million in TRIP-eligible DEP in 2023.
- If a Captive Insurer or an Alien Surplus Lines Insurer is affiliated with a group, the experience of the Captive Insurer or the Alien Surplus Lines insurer should be reported with that group on either this template or the *Insurer (Non-Small) Groups or Companies* template, depending upon the size category.
- If a Captive Insurer or an Alien Surplus Lines Insurer is not affiliated with a group, it should complete the *Alien Surplus Lines Insurers* or *Captive Insurers* template, as appropriate, even if it otherwise falls within the size parameters of the “small insurer” definition.

General Guidelines

- All information should be reported on a consolidated insurer group basis, unless reporting for a single insurer.
- When providing premium on a jurisdictional basis, premium should be allocated in the same fashion that it is for state reporting and premium tax purposes. Accordingly, coverage written on a non-admitted, surplus lines basis may be allocated in full to the home state of the policyholder, as defined by the Nonadmitted and Reinsurance Reform Act.
- When providing premium on a jurisdictional basis, for premium which is otherwise not allocable to a particular jurisdiction (e.g.: certain Ocean Marine, Inland Marine, and Aviation coverages; or coverages based upon foreign operations with a U.S. nexus), report this premium under “Other/Not Subject to Allocation in a Particular Jurisdiction.”
- DEP should be included in this calculation to the extent that commercial property and casualty coverage is issued for losses occurring at the following locations: (1) Within the United States; (2) With respect to an air carrier (as defined in section 40102 of title 49, United States Code), or a United States flag vessel (or a vessel based principally in the United States, on which United States income tax is paid and whose insurance coverage is subject to regulation in the United States); and (3) At the premises of any U.S. mission.
- TRIP-eligible lines to be included in DEP calculations generally correspond to NAIC lines (as reported on the *NAIC Exhibit of Premiums and Losses*, commonly known as Statutory Page 14). The information reported on this worksheet should only include TRIP-eligible DEP. Any amounts reported on Statutory Page 14 that are not within the scope of TRIP-eligible lines as defined by the Program regulations should not be reported here [see 31 CFR 50.4(w)]. Specifically:
 - The property line Allied Lines (NAIC Line 2.1) should not include federal crop insurance or any other type of crop insurance privately issued or reinsured.
 - Workers’ Compensation (NAIC Line 16) data will be reported on the insurer’s behalf by NCCI, the California WCIRB, and/or the New York CIRB. However, you must still report

excess workers' compensation premium (identified as sub-type of insurance 16.003 on the NAIC's Uniform Property & Casualty Product Coding Matrix and otherwise reported under 17.3 as indicated).

- The liability line of Other Liability (NAIC Line 17) should not include Professional Errors and Omissions Liability Insurance [see 31 CFR 50.4(t)] or Excess Workers' Compensation Premium (which is entered separately as noted above).
- Information is sought concerning policies that will or would have responded to "certified acts of terrorism" during the reporting period. The fact that the policy did **not** in fact make payments for claims associated with any certified acts of terrorism is not relevant to the obligation to report information.
- For purposes of this data collection, reporting insurers do not need to make the premium adjustments in connection with residual market mechanisms provided for under 31 CFR 50.33.
- Policy count should be calculated based on the number of policies incepting in 2023 (or in effect for the entire year). For reporting other elements apart from DEP, where the reporting of information (e.g., exposures) under policies in effect during 2023 would result in double counting for the year as a whole, utilize a reporting date of December 31, 2023.
- Information subject to reporting under the Standalone Terrorism (Nationwide) Worksheet and Cyber (Nationwide) Worksheet should be considered a subset of an insurer's TRIP-eligible policies, and should also be reported on additional worksheets, as appropriate.
- All exposure information should be reported gross of any private reinsurance, except where otherwise indicated.
- Questions on the Reinsurance (Nationwide) Worksheet are limited to reinsurance purchased from unaffiliated third-party companies, and do not include reinsurance transactions within a group of affiliated insurers.
- Blacked out cells indicate that no data will be reportable for that particular cell.
- Hypothetical policy situations demonstrating proper data completion are available on the TRIP website (<https://home.treasury.gov/policy-issues/financial-markets-financial-institutions-and-fiscal-service/federal-insurance-office/terrorism-risk-insurance-program/annual-data-collection>).

Instructions for Reinsurance (Nationwide) Worksheet

Note: This Worksheet is set up as a questionnaire, with certain amounts requested, yes or no answers sought, and associated explanation to the extent necessary. As a result, and unlike the other worksheets, the data sought may be more easily obtainable from an individual with knowledge of the reinsurance arrangements of the reporting entity, as distinguished from the mechanism of data queries to existing systems. The questions are limited to reinsurance purchased from unaffiliated third-party companies, and do not include reinsurance transactions within a group of affiliated insurers. Figures should include only purchased treaty reinsurance, and not purchased facultative reinsurance.
