

Hot Topic: Wildfire Risk and Insurance Markets

Federal Advisory Committee on Insurance
Fall 2022 Meeting, U.S. Treasury Building, Washington, D.C.
Thursday, September 29, 2022

About United Policyholders (UP)

- A 501(c)3 not-for-profit organization with a Platinum Guidestar rating and a national corps of professional and disaster survivor volunteers
- 31 years of advocating for fair sales and claims practices and helping solve problems that impede consumers' ability to be indemnified in case of loss through insurance products.
- Working in coordination with insurance regulatory agencies, public officials and stakeholders
- A trusted information resource and respected voice for insurance consumers in all 50 states
- Funded by donations and grants

Our Three Programs

- Roadmap to Recovery®
 - *Helping individuals and businesses solve insurance coverage and claim problems.*
- Roadmap to Preparedness®
 - *Increasing disaster preparedness by promoting savvy shopping, inventorying and insuring property to value, and mitigation*
- Advocacy and Action
 - *Advocating for insurance consumers in courts of law, legislative and other public policy forums, and in the media.*

“This changes everything”

- Climate change is profoundly impacting the P/C marketplace, coverage, claims and loss recovery financing
- Regulators and consumers face challenges related to the availability, affordability and quality of property insurance
- Predictive technology (modeling and risk scores) is both helping and hurting.
- Institutionally supported risk reduction is imperative
- Significant progress related to wildfire mitigation in 2022

A shift in focus

Roadmap to Preparedness messaging focused on insuring to value and inventorying assets to avoid post-loss claim challenges

- Focus shifted in 2016 to:
 - Working with producers and CDI to help consumers shop for **any** affordable available option outside the CFP, DIC and surplus lines education
 - Identifying long term strategies to sustain a private market, restore competition
 - Coordinating with stakeholders to identify effective risk reduction approaches
 - Strengthening and improving residual market options

United Policyholders Wildfire Risk Reduction and Asset Protection Project ("WRAP")

A regular convening of public and private stakeholders, firefighting pros, community-based risk reduction advocates, public officials and agencies, fire scientists and insurance sector reps working together to:

- Reduce wildfire risk and restore home insurance availability and affordability in WUI and other regions
- Increase financial and technical assistance options for property owners to make risk reduction improvements, build community engagement
- Secure insurance incentives and rewards for property owners that proactively reduce wildfire risk

visit: www.uphelp.org/WRAP

Rewards to incentivize mitigation

- Premium discounts
- Improved risk score = more options
- Non-renewal protections/guarantees
- House less likely to burn

Home/Residential Insurance

Shop Around

Whether you are interested in purchasing, reviewing or replacing homeowners, renters, condominium or mobile home insurance, it is important to shop and compare insurance products just like you would when shopping for any other important consumer purchase. Since residential insurance often protects your largest financial investment, plan on spending some time to conduct a search of the insurance marketplace.

The California Department of Insurance (CDI) provides several information guides, tips and tools to help you understand home/residential insurance so that you can make the best decision for your situation. If you do not find the information you need, we invite you to call our [Consumer Hotline](#) for assistance. Our dedicated insurance experts are available to assist you.

Who We Are

Wildfire Partners is a wildfire mitigation program to help mountain and foothills homeowners in Boulder County, Colorado prepare for wildfire. Wildfire Partners, part of Boulder County's **Community Planning & Permit Department**, is a nationally recognized model for wildfire mitigation that is incorporated into Boulder County's building code.

What We Do

We provide education on how to mitigate your home against the threat of wildfires. Upon acceptance to our program, a mitigation specialist will visit your property to do an assessment. We will send you a comprehensive report recommending actions to take. Upon completion of these required items, you will receive certification that can be used as proof of mitigation for insurance purposes.

See Our Progress

Year started: **2014**

Homes participating: **2,957***

Certified homeowners: **1,254***

*as of July 30, 2022

Join our program by applying today!

[Apply Now](#)

Financial awards are available to subsidize the cost of hiring a Wildfire Partners Forestry Contractor.

Our program receives grant funding from the Colorado State Forest Service and FEMA. These funds help provide financial assistance to eligible homeowners for forestry work through an **approved contractor** during summer and fall. You must submit a bid to us from an approved forestry contractor to receive financial awards. Financial awards for 2020 are capped at 50% of the total cost and can not exceed \$2000.00.

Free access to Wildfire Partners Advisors. Advisors are available from 9 a.m. - 4 p.m., Monday-Friday, to answer questions and provide information about our program. You can reach us at 303-441-1420 or by email at info@wildfirepartners.org.

A Wildfire Partners Certificate and yard sign stating that you have mitigated your home. After successfully completing your mitigation checklist, please call us to schedule your one-hour final inspection.

After passing the inspection, you will receive your certificate and a Wildfire Partners yard sign. Allstate, State Farm and USAA Insurance companies recognize the certificate as proof of proper mitigation. We are not aware of any insurance company who has denied coverage for a Wildfire Partners certified home. The certificate can also be uploaded to your MLS listing to help you sell your home.

Increased peace of mind. By completing mitigation actions, you can feel good knowing you have acted responsibly to help protect your family and your community. However, wildfire mitigation is not a one-time event; you must maintain mitigation for it to be effective. You can always contact us to schedule a re-certification of your property. We charge a \$100 fee for re-certification assessments.

Join your neighbors and become a Wildfire Partner! Be a positive role model for others and help create a more resilient community.

Apply Now and begin your journey to having a more resilient home and community.

4 Achieve Designation

Progress in 2022

- Safer From Wildfires and Wildfire Prepared Home frameworks/programs
- Significant increases in funding for wildfire risk reduction
- Cal OES funded WRAP Resource Center
 - Aggregate and disseminate info re: available risk reduction grants and technical help (Fire Safe, Firewise, COPE, etc.)
- Increase in insurers voluntarily offering rewards/support
- No legal challenges to CDI mitigation regulations
- More vendors offering risk reduction services
- Increased understanding of brush management/ firefighting strategies that save structures

Challenges remain

- CO availability/affordability challenges are increasing, residual market designing underway (OR, WA?)
- CA Fair Plan products and processes need improvement
- Take-all-comer residual programs need backstop (FL CAT Fund)
- Insurer reluctance to recognize risk reduction in rates and UW
- Resistance to 5' defensible space/Community-wide engagement in risk reduction
- Continued attacks on CA limits on the use of CAT models to set rates, pass along reinsurance costs to phs
- How to deal w/ “150 years of not letting forests burn”
- Political attacks on CA, environmentalists, finger pointing
- Decades of development in WUI regions
- Climate change's overall impact on P/C sector
