SECTION C -- STATEMENT OF WORK

C.1 BACKGROUND

The Emergency Economic Stabilization Act of 2008 ("the Act"), passed by Congress and signed by the President on October 3, 2008, was enacted to address a serious financial crisis in the United States. The Act provides authority to the Secretary of the Department of the Treasury (Treasury) to purchase and insure certain types of troubled assets to restore stability and liquidity to the financial system of the United States. The Act requires the Secretary to establish an Office of Financial Stability (OFS) in the Treasury to implement the "Troubled Assets Relief Program" (TARP) and other programs under the Act. Current programs include Unlocking Credit for Small Businesses, Capital Assistance Program (CAP), Making Home Affordable, Capital Purchase Program (CPP), Targeted Investment Program, Systemically Significant Failing Institutions, Automotive Industry Financing Program, and Consumer and Business Lending Initiative (TALF). Information on these and emerging programs are available on the U.S. Department of the Treasury web site at: <http://www.treas.gov/initiatives/eesa/>.

The Treasury Office of the General Counsel (OGC) supports OFS in the design and implementation of programs. OGC provides legal advice to OFS in connection with the purchase and insuring of certain types of troubled assets to further the Act's purpose of restoring stability and liquidity to the financial system. In addition to existing in-house expertise, OGC requires a broad range of legal services from outside counsel to support the activities of OFS and Treasury in support of economic recovery efforts. Treasury has entered into multiple indefinite-delivery, indefinite-quantity (ID/IQ) contracts for the legal services necessary to implement the programs authorized by the Act. Because of the extremely complex nature of the mission of OFS and Treasury, Treasury must be able to contract for a wide variety of legal services.

C.2 OBJECTIVE

Treasury has awarded multiple ID/IQ contracts for legal services to firms with the demonstrated ability to support Treasury's legal requirements as defined in this Statement of Work.

C.3 SCOPE

This requirement is for legal support for structuring, implementing, managing, and disposing of troubled assets under the Act, and for similar activities with respect to related, as well as any future, legislation.

C.4 LEGAL SERVICES

Contractor shall perform legal services for the Treasury. The legal services shall include, but are not limited to, the following subject areas:

1. Equity Investments
 - Investments in public entities
 - Private equity transactions

- Asset purchases and divestitures
- 2. Debt Transactions
 - Secured lending transactions
 - Subordinated debt
 - Loan restructuring
 - Loan syndication and trading
- 3. Bankruptcy
 - Debtor-in-possession financing
 - General bankruptcy advice including analysis of claims relating to existing OFS programs
- 4. Real Estate
 - Mortgages, mortgage renegotiations and foreclosures, including attorneys licensed in the relevant jurisdictions
 - Investments in mortgage-related assets
- 5. Structured Products
 - Asset-backed securities
 - Structured finance
 - Financial and derivative products
- 6. Regulatory
 - Regulation of Banks and Bank Holding Companies
 - Regulation of Investment Advisers and Broker/Dealers
 - Tax analysis related to investments in entities that are not C-Corporations under the Internal Revenue Code

In an effort to give contractors more information about the work anticipated under this contract, Attachment J-1 (“Subject Area Examples”) illustrates some of the areas in which Treasury has requested legal support through previous procurements and may require future legal support in connection with transactions under the Act, or under future legislation that may authorize additional Treasury and OFS activities or programs.

Please note: The descriptions in Attachment J-1 generally correspond with existing or planned programs under the Act. However, subsequent Executive decisions or Legislative actions may change the specific programs implemented and the work required under this Contract.

Please see Attachment J-1 for further information.

NAME: Stacey Holland
 ADDRESS: Office of Financial Stability
 1801 L Street, N.W.
 Washington, DC
 PHONE: 202-622-7384

- (b) Performance of work under this contract must be subject to the technical direction of the COTR identified above, or a representative designated in writing. - (c) Technical direction must be within the scope of the specification(s)/work statement. The COTR does not have authority to issue technical direction that:
 - (1) constitutes a change of assignment or additional work outside the specification(s)/work statement;
 - (2) constitutes a change as defined in the clause entitled "Changes";

- (f) Failure of the contractor and the contracting officer to agree that technical direction is within the scope of the contract shall be subject to the terms of the clause entitled "Disputes."

G.5 ORDERING PROCEDURES

Work will commence under this contract only through the issuance of task orders. Subject to the exceptions set forth at FAR 16.505(b)(2), task orders over \$3,000.00 will be issued in compliance with the Fair Opportunity Procedures in FAR 16.505(b)(1), and in accordance with the procedures outlined in this section.

Treasury has awarded contracts to qualified small businesses in response to RFP TOFS-09-S-0011. These small businesses will be considered as part of the fair opportunity process as required by the Small Business Act and FAR Subpart 19.5. Should two or more small businesses receive base contract awards, the "rule of two" will apply. This rule will govern whether task order requirements are set-aside for small businesses. A task order will be set-aside for small

business if the Contracting Officer (CO) determines that there is a reasonable expectation that (1) offers to perform a specific task order will be received from two or more small businesses that are capable of performing and do not appear, based on proposals received in response to RFP TOFS-09-S-0011 or other information received from the contractor, to have a conflict of interest as defined by Rules 1.7—1.11 of the ABA's Model Rules of Professional Conduct, and (2) award will be made at a fair market price. The CO will utilize all available information in making the set-aside determination, including the proposals submitted by small businesses in response to RFP TOFS-09-S-0011. Should the CO determine that further information is necessary, capability statements may be requested from small businesses who hold contracts.

The following ordering process will be used to issue task orders:

- For all task orders with an estimated value of over \$3,000.00, the CO will apply the "rule of two" and determine whether the task order should be set aside for small business.
- The CO will review the contract technical proposals that were submitted in response to RFP TOFS-09-S-0011 and any subsequent information submitted from contractors and identify the firms that have expertise in the area(s) relevant to the task order requirement.
- The CO will review all available conflict of interest information concerning the identified firms and will eliminate those that have conflicts that would prevent or significantly hinder task order performance. The CO may at any time request from a contractor information concerning conflicts of interest, regardless of whether an RFQ has been or will be issued for a specific requirement.
- The CO will calculate an evaluated price for each of the remaining firms by applying the each contractor's established labor rates to the estimated hours required for the task order.
- Depending on the nature and urgency of the task order requirement, the CO may: (a) negotiate a task order with the identified firm with the lowest evaluated price, or (b) issue an RFQ to two or more identified firms with the lowest evaluated prices, seeking additional technical information and any proposed price discounts as well as specifying any additional evaluation criteria.

This ordering process is designed to provide Treasury with the ability to issue task orders to firms in their areas of expertise with the highest possible efficiency, while complying with small business requirements and fair opportunity procedures. The CO will make use of the information submitted in response to RFP TOFS-09-S-0011, information learned throughout life of the contract, and information submitted to the CO by contractors. The CO may, in the CO's sole discretion, request additional information from contractors or issue an RFQ as discussed above. Contractors are encouraged to regularly provide updated information about their capabilities, conflicts of interest, and discounts offered (if the firm desires to further discount their rates from what is in their contract) in order to maximize Treasury's consideration of such firms.

Nothing in these ordering procedures shall limit the ability of Treasury to issue task orders directly to a firm should one of the statutory exceptions to the fair opportunity process apply. These exceptions can be found in FAR 16.505(b)(2).

In accordance with 41 U.S.C. § 253j and FAR 16.505(b)(5), Treasury has designated the following “Task and Delivery Order Ombudsman” to review any concerns or complaints raised by contractors about the fair opportunity process under this procurement:

Thomas A. Sharpe, Jr.
Senior Procurement Executive
Office of the Procurement Executive

SECTION H -- SPECIAL CONTRACT REQUIREMENTS

H.1 Non-Disclosure

The Contractor recognizes that, in performing this contract, the Contractor may obtain access to non-public information that is confidential or proprietary in nature. Except as permitted by the contract, the Contractor agrees that it, its employees, its subcontractors, and its subcontractors' employees ("Contractor") will not disclose to any third party, or otherwise use, any information it obtains or prepares in the course of performance of the contract or task order for any purpose other than to perform work under the contract without first receiving written permission from the Contracting Officer. The Contractor shall secure information received from or prepared or gathered for the Treasury Department (Treasury) under this contract in a secure location with access limited to only those personnel with a "need to know." Notwithstanding any other language contained herein, the Contractor shall comply with 31 C.F.R. § 31.217, including the requirement that the Contractor obtain a certification from each "management official" and "key individual" performing work under the contract or task order, as those terms are defined in 31 C.F.R. § 31.201, stating that he or she will comply with the requirements of section 31.217(b). The Contractor shall obtain such certifications from management officials and key individuals before they perform work under the contract and then annually thereafter.

H.2 Key Personnel

During the contract performance period, any substitution or replacement of key personnel must first be proposed by the Contractor and authorized by the Contracting Officer.

H.3 Cooperation with Other Organizations

The Contractor agrees to cooperate with representatives of other contractors, Federal Reserve Banks, Federal agencies, governmental entities, and other organizations when the Treasury determines it to be in the best interest of the Government.

H.4 Labor Rates

Labor provided under this contract and its task orders shall be billed at the same or lower labor rates and shall use the same labor categories provided in Section B.2 of this contract. Labor rates billed by a contractor under this contract may not exceed those set forth in Section B.2 of this contract.

H.5 Conflicts of Interest

(a) Treasury HAS NOT WAIVED any potential conflicts of interest as defined by Rules 1.7-1.11 of the ABA's Model Rules of Professional Conduct, the Federal Acquisition Regulation (FAR) or 31 C.F.R. Part 31. Further, Contractor agrees that its future relationship with Treasury will be governed by the FAR, 31 C.F.R. Part 31, and this contract. The Contractor agrees to negotiate in good faith concerning the inclusion of any different or additional conflict of interest policies and

procedures that may be issued by Treasury pursuant to Section 108(b) of the Emergency Economic Stabilization Act of 2008 (EESA).

(b) Prior to the execution of any revision to this contract or any task order, the Contractor shall prepare a detailed written explanation of all actual conflicts, potential conflicts, or matters that may present the appearance of a conflict under the ABA's Model Rules, the FAR, or 31 C.F.R. Part 31, and shall provide a detailed written plan explaining any and all steps the Contractor will undertake to avoid or mitigate such conflicts. The Contractor's disclosure submission shall include the information specified in 31 C.F.R. § 31.211(b)(1) – (b)(6), including:

1. The Contractor and any proposed or actual subcontractor's or consultant's relationship to any related entities as such term is defined in 31 C.F.R. § 31.201;
2. The categories of troubled assets owned or controlled by the Contractor including any proposed or actual subcontractor or consultant, or any related entity of the Contractor, if the arrangement relates to the acquisition, valuation, disposition, or management of troubled assets;
3. Information concerning all other business or financial interests of the Contractor including its proposed or actual subcontractors or consultants, or the related entities of the Contractor, which could conflict with the Contractor's obligations under the contract;
4. A description of all organizational conflicts of interest and potential conflicts of interest;
5. A written detailed plan to mitigate all organizational conflicts of interest, along with supporting documents; and
6. A certification that the information provided to the Treasury in response to the above items is complete and accurate in all material respects. Only after receiving this information will Treasury determine whether organizational conflicts of interest prevent the Contractor from consulting for Treasury in that specific matter.

(c) Failure to make full and timely disclosure of actual or potential conflicts of interest, or matters that may present the appearance of a conflict, as well as failure to comply with 31 C.F.R. Part 31 or Treasury conflicts of interest policies and procedures are extremely serious matters. Such failures may subject the Contractor to corrective action including but not limited to: (i) refusal to waive a conflict; (ii) termination of this contract for default; (iii) debarment of the contractor from federal contracting; (iv) referral to the appropriate state licensing authorities; and/or, in appropriate cases (v) civil or criminal actions.

(d) It is solely within the discretion of the Treasury to determine whether or not a conflict of interest exists and whether any mitigation plan submitted by the Contractor avoids or mitigates a conflict. Even the appearance of a conflict may result in the denial of a waiver or other appropriate actions. In the event that matters are transferred to another contractor or entity pursuant to the corrective actions listed above, the Contractor is expected to follow Treasury policies and procedures and to cooperate fully in the orderly transfer of such matters.

(e) In addition to complying with 31 C.F.R. Part 31 and any other applicable restrictions, the Contractor will: (1) not represent and/or advise any party other than the United States in any

matter that is the subject of a task order during the term of the contract and after the end of the contract; (2) not represent and/or advise any other parties with respect to matters directly related to, or matters that may have a direct effect on, a specific transaction that is the subject of a task order during the term of the contract; and (3) have all attorneys/professional staff assigned to work under this contract receive conflicts training in consultation with the EESA Compliance Office. It is, however, understood that the Contractor may represent clients who seek to engage in a transaction with Treasury under other programs in support of the EESA. Further, the Contractor shall enter into and enforce agreements with all attorneys/professional staff assigned to work under this contract or task order prohibiting such attorneys/professional staff from representing and/or advising any other party regarding a specific matter that is the subject of a task order under this contract during the term of this contract and for six months thereafter.

(f) No later than 10 business days after the effective date of the contract, or any new task order under the contract or any revision to this contract's or any task order's statement of work, the Contractor shall (i) obtain and review the submissions required by 31 C.F.R.

§ 31.212 for personal conflicts of interest, and (ii) certify in writing to Treasury that all such individuals have no personal conflicts of interest, or are subject to a mitigation plan or waiver approved by Treasury. Contractor agrees not to permit any such individual to perform work under this contract or task order with respect to any institution or related entities of such institution with which such individual has disclosed a personal conflict of interest pursuant to 31 C.F.R. § 31.212, absent obtaining Treasury's prior consent. In making this determination, the Contractor may rely on the information obtained pursuant to 31 C.F.R. § 31.212(b), unless the Contractor knows or should have known that the information provided is false or inaccurate.

(g) Pursuant to 31 C.F.R. §31.216(b), before the Contractor accepts a task order, or a modification to this contract, the Contractor shall certify to the following:

- (1) The Contractor is aware of the prohibitions of paragraph (a) of 31 C.F.R. § 31.216 and, to the best of its knowledge after making reasonable inquiry, the retained entity has no information concerning a violation or possible violation of paragraph (a) of 31 C.F.R. §31.216.
- (2) Each officer, employee, and representative of the Contractor who participated personally and substantially in preparing a bid, offer, proposal, or request for modification of this contract after the date hereof has certified that he or she:
 - (a) Is familiar with and will comply with the requirements of paragraph (a) of 31 C.F.R. § 31.216; and
 - (b) Has no information of any violations or possible violations of paragraph (a) of 31 C.F.R. § 31.216, and will report immediately to the Contractor any subsequently gained information concerning a violation or possible violation of paragraph (a) of 31 C.F.R. § 31.216.

(h) The Contractor shall include this clause in all subcontracts, consultant agreements, and lower tier subcontracts entered into after the date hereof unless a waiver is requested from, and granted by, the Contracting Officer.

H.6 Public-Release Contract Version Requirement

The contractor agrees to submit, within ten business (10) days from the date the contract is awarded (exclusive of Saturdays, Sundays, and federal holidays), a .pdf file of the fully executed contract or task order with all proposed necessary redactions, including redactions of any trade secrets or any commercial or financial information that it believes to be privileged or confidential business information, for the purpose of public disclosure at the sole discretion of the United States Department of the Treasury (Treasury). The contractor agrees to provide a detailed written statement specifying the basis for each of its proposed redactions, including the applicable exemption under the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and, in the case of FOIA Exemption 4, 5 U.S.C. § 552(b)(4), shall demonstrate why the information is considered to be a trade secret or commercial or financial information that is privileged or confidential. Information provided by the contractor in response to this contract requirement may itself be subject to disclosure under the FOIA.

The Treasury will carefully consider all of the contractor's proposed redactions and associated grounds for nondisclosure prior to making a final determination as to what information in the fully executed contract may be properly withheld.

ATTACHMENT J-1: SUBJECT AREA EXAMPLES

Example 1 Investment Transaction Legal Services

Contractors also may be tasked to handle closings of equity transactions for which they create documentation.

Example 2 Debt Transaction Legal Services

Contractor would provide expertise and guidance in developing the form, structure, terms and conditions of debt transaction documentation. Contractors also may be tasked to handle closings of debt transactions.

Example 3 Transaction-Closing Legal Services

Contractor may be tasked to assist Treasury in executing transactions under existing Treasury programs. In performing such work, Contractor may be responsible for (1) conducting any due diligence required for the transaction; (2) customizing form agreements to document the transaction; (3) reviewing executed agreements for legal sufficiency and completeness; (4) identifying insufficiencies or legal issues that require action before the transactions can be closed; (5) notifying and working with the institution and Treasury in resolving those issues; (6) conducting the closing of the transaction; and (7) handling any post-closing matters associated with transactions under the program. Contractor also may be tasked to handle redemptions and sales associated with transactions closed by the Contractor.

Contractor may be tasked to provide legal expertise and guidance in connection with the modification of mortgage loans in which Treasury has a direct or indirect interest. Contractors may be tasked to develop standard mortgage loan modification documentation for use in particular jurisdictions and to close mortgage loan modification transactions involving properties located in those jurisdictions. Because mortgage laws vary from jurisdiction to jurisdiction, each Contractor tasked to develop such documentation and close such transactions must have expertise in and be licensed to practice under the law of the jurisdictions in which the mortgaged properties assigned to the Contractor are located.

Example 5 Other Mortgage-Related Legal Services

Contractor may be tasked to provide legal expertise in the development and execution of programs for purchases and sales or guarantees of whole mortgage loans, mortgage-backed securities or other interests in debt secured by mortgages (collectively, “mortgage-related assets”). Such programs may involve commercial mortgage loans or residential mortgage loans or both. Any such programs may involve purchases or guarantees of mortgage-related assets directly or through an agent. Contractor would be responsible for providing legal advice and assistance with respect to (1) structuring TARP programs involving mortgage loans and establishing guidelines for such programs; (2) developing the form, structure, terms and conditions of legal documentation for such programs; (3) developing applicable external and internal guidance and communication; and (4) reviewing transaction documentation and closing-related transactions under such programs, including the issuance of any warrants that the Treasury is required to obtain in connection with such transactions. The Contractor may also be required, as determined necessary, to advise the Treasury on issues arising during the course of such programs and to represent Treasury in various capacities.

To perform the work described in this subsection, Contractor must have legal expertise regarding issues that may arise during the course of the Treasury’s ownership of such mortgage-related assets, including, but not limited to, title issues, loan modifications and restructuring, late payments, prepayments, and foreclosures. Additionally, the Contractor must have legal expertise in all aspects of mortgage-related transactions as well as in securities transactions.

Example 6 Systemically Significant Institution Legal Services

Contractor may provide legal services, expertise, and guidance for possible Treasury loans to, investments in, or other transactions with systemically significant institutions. Services will include, but will not be limited to, (1) assistance in structuring transactions; (2) negotiating and drafting relevant documents such as investment agreements, debt agreements, security agreements and other documentation necessary to implement such transactions; (3) conducting legal due diligence; (4) closing such transactions; and (5) handling post-closing matters in connection with such transactions. Contractors will be tasked to handle transactions with particular institutions. In selecting a Contractor to handle a transaction with a particular institution, Treasury will consider, among other things, the Contractor’s demonstrated expertise in the primary areas of regulatory law applicable to the institution.

Example 7 Asset-Backed Security Legal Services

Contractor may provide legal services, expertise, and guidance for one or more transactions involving direct or indirect Treasury investments in asset-backed securities other than those backed by mortgage loans (“ABS”). Such transactions may include, without limitation, Treasury purchases or guarantees of ABS, Treasury loans secured by ABS, or Treasury investments in entities purchase, guarantee or make loans secured by ABS. The legal services to be provided include, but are not limited to, assistance in structuring such transactions; negotiation and drafting of relevant transaction documents, including investment agreements, loan agreements,

security agreements or other documentation necessary to implement such transactions; creation and qualification of any special purpose entities needed for such transactions; closing of the transactions; and any post-closing assistance that Treasury requires in connection with such transactions.
